***“The Plough and Great Barn”
At Leigh***

“How to get a Great Reception”

This lovely old Inn was built in 1570 on the site of Hadloe Place, its Great Barn was added some hundred years later and rebuilt in the early 1970's. During the year 2000 it was refurbished by the new owners without losing its character and undoubted ambiance.

Wedding Receptions take place in the “Great Barn” with its “Minstrels Gallery”, enormous beams, polished wood floors and own bar. The extensive gardens are also available for reception drinks and Photographs

Up to 200 guests can be accommodated for a buffet and 130 for a formally seated meal.

We offer three competitively priced packages, which encompass the needs of most couples. There are no hidden extras so you may budget with confidence. These packages are outlined on the following pages. The prices quoted are guaranteed from the 1st July 2012 until further notice except for any increases in duty, taxation or other circumstances beyond our control.

We recognize that these packages may not suit everybody and we are more than happy to tailor a reception to your needs.

Our reputation is as important to us as your Wedding Day is to you. Be assured that our part in your celebrations will be as memorable as the rest of your day
